# CuriousEd school of teaching

At CuriousEd, we believe teaching is more than a profession — it is a calling.

We are here to nurture passionate teachers who inspire learners, create meaningful experiences, and lead with strong values.

## Our mission

To develop confident, value-driven teachers who lead learner-centred classrooms and inspire change through meaningful teaching.

# Our core values:

- **Passion:** We believe teaching is a calling. We ignite the inner spark that fuels lifelong dedication.
- **Confidence:** We help teachers find their voice and embrace their unique strengths.
- **Learner-centredness:** We prioritise the learner's needs, interests, and voice in every teaching practice.
- **Integrity:** We promote ethical practices and professional responsibility in education.
- **Collaboration:** We foster a supportive community where teachers grow together.

# CuriousEd PDQ Centre

Professional Development Centre

Cambridge PDQ Centre code- IA590

CuriousEd is a Professional Development Centre, registered with Cambridge Assessment International Education, part of the Cambridge University & Press.

We currently offer Cambridge International Certificate in Teaching & Learning, an 18-week course for school teachers looking to improve their teaching practice as a professional. The course takes the educators through an immersive journey and equips them with global teaching-learning pedagogy for the modern world, making them a certified Cambridge educator.

# Cambridge International Certificate in Teaching and Learning (5881)

The Cambridge International Certificate in Teaching & Learning supports candidates' professional growth and career development by offering the opportunity to apply key principles of learning and teaching to their own practice.

This qualification allows candidates to:

- Explore and understand principles of teaching and learning and apply these to their own context.
- Integrate research based new approaches into their practice to improve outcomes for their students.
- Develop and demonstrate reflective skills to help progression in their practice and career.
- Learn and work collaboratively to help build communities of learning.

# CuriousEd CICT&L programme highlights:

- Earn a certificate of completion from Cambridge International Education.
- Understand the global approach to learning- develop Cambridge teacher attributes.
- Key focus areas: active learning, assessment for learning, reflective practice.
- Additional focus areas: metacognition, differentiated instructions, resource creation.
- Subject specific guidance for your specialisation by experienced CuriousEd centre mentors.
- Get free access to all CuriousEd skills workshops by expert trainers.

## Programme fee:

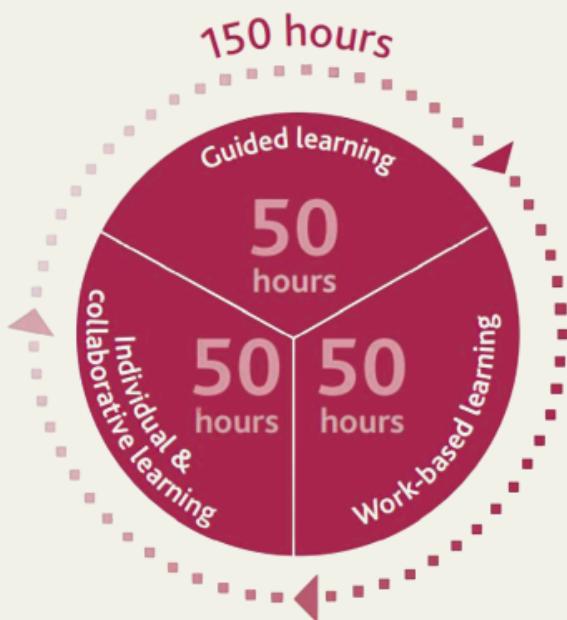

- The total fee for the 18-week programme
  - For Indian residents: INR 40,000 + GST
  - For non-Indian residents: USD 500
- This includes access to all live sessions, mentor support, and certification processing. The entire fee must be paid before the commencement of the programme.

## Benchmarking:

This qualification is benchmarked to level 4 of the Framework of Higher Education Qualifications in the UK (FHEQ) by UK ECCTIS.

# About the programme:

**Duration: 18 weeks | Total learning hours: 150**

- **Live online Guided learning sessions with Cambridge Programme Leaders**
- **Work-based assignments to apply the learning from live sessions to actual classroom practice**
- **Individual self-learning and reflection tools**
- **Collaborative learning to leverage peer groups, mentor support and learn from the experiences of other educators**

# Eligibility:

In-service teachers with at least 1 year of teaching experience. Eligible candidates must:

- be a full or part-time teacher employed in an educational institution such as a school, college, university
- teach in their current institution over a full academic year, for a minimum of 24 weeks and a minimum of six hours per week
- have the regular support of a mentor who understands the essential principles that underpin this qualification, and can provide helpful advice and observations
- teach a group with a minimum of six learners
- be responsible for planning, teaching and formatively assessing groups of learners
- have English language competence comparable to at least level B2 in CEFR or a minimum of 5.5 on IELTS
- commit to dedicating 8-10 hours of their time every week for PDQ learning

# About the trainers:

## Shalini Reddy:

**Co-founder, CuriousEd**

**Certified Cambridge Programme Leader**

Shalini Reddy is the Co-founder of CuriousEd and a certified Cambridge Programme Leader with over 25 years of professional experience, including leadership as a Regional Head in the retail industry. She spent more than 15 years founding and running a school with CIE and CBSE curriculums, where she led curriculum design and teacher development.

She believes that equipping teachers with strong skills leads to the overall development of learners and creates a lifelong impact. Supporting teachers throughout their journey with a positive, coaching-based approach has been central to her work.

Shalini has participated in numerous Cambridge International PD programmes and attended major global education conferences. At CuriousEd, she leads training sessions for user schools and not-for-profit organisations as part of CSR initiatives.

# About the trainers:

**Nidhi Tewari:**

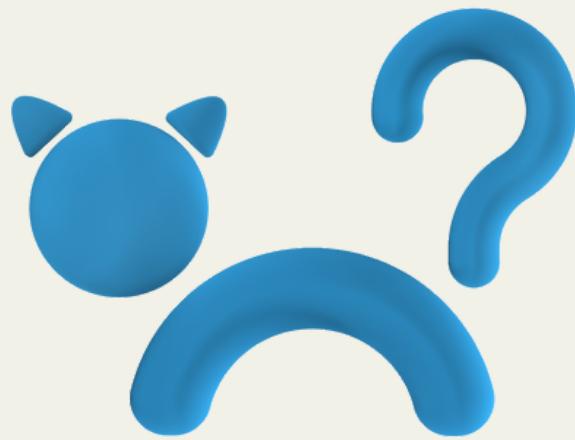

**Training Manager, CuriousEd**

**Certified Cambridge Programme Leader**

Nidhi is the Training Manager at CuriousEd and a certified Cambridge Programme Leader. She began her journey in education through the Teach For India Fellowship, where she worked at the grassroots level in a public school for two years.

Building over her challenges and learning, with a deep passion for creating joyful learning experiences, Nidhi has been a trainer for 7 continuous years, where she has trained more than 10,000 educators across diverse curricula, including CIE, IB, CBSE, and various state boards.

Her work spans teacher development, curriculum alignment, and pedagogical innovation. At CuriousEd, she conducts training sessions for the team and user schools with a strong focus on building reflective, culturally aware, and high-impact teaching practices.
